Trainings in Puebla & Tlaxcala, Mexico

Crossing the Language Barrier

Why do we keep teaching internationally? The believers in any country are the most important ones to reach their own people because they know the language and culture and we don't. So, you can see why we are so grateful for our skilled translator, Chris Chantres, who clearly communicates what we share.

Learn by Watching

Our lay people helpers/disciples in Mexico asked for more training by observing actual counseling. Ten Individual counselling sessions have been arranged for them to observe. Chuck will then meet with them for feedback.

Hannah Perez from Mazatlán, Mexico did a counseling internship with us last year at our LFM office. She will spend two weeks with us in Puebla to enhance her counseling skills through observation.

Evelyn Escobar, wife of Pastor Adefel of our host church in Tlaxcala, wants to increase her effectiveness in biblical people helping and is grateful for the opportunity to learn through observation.

A huge thanks to Chris and Iris Chantres and family for opening their home to us and Hannah.
